

Integral Interiors

JOB DATA SHEET

Client: BMI Healthcare Ltd
Project: Main reception refurbishment
Location: The Harbour Hospital, Poole
Designer: BMI Healthcare Ltd

BMI Healthcare, part of the General Healthcare Group, are the UK's premier private health care provider with acute private patient hospitals and outpatients centres in 56 locations around the country. As part of a national roll out of reception re-branding projects, Integral Interiors were tasked with completing a full refurbishment of all areas of the main reception at The Harbour Hospital, Poole.

Works also included changes to the lighting systems, CCTV, data, fire alarm, telephones and plumbing to facilitate the new design. All works were in a "live" environment therefore the planning and coordination of the project was critical to ensure the hospital continued to function during the works. This was done by planning all works in conjunction with hospital staff and consultants, this ensured buy in and that the works were completed with no delays or disruptions to the running of the hospital.

BMI Healthcare

The works were planned on a phased basis to ensure minimal disruption to hospital staff, patients and visitors. The works consisted of a new main reception desk, nurse station reception desk, all new decorations, *Amtico* flooring and a "feature" wall constructed of *Armourcoat* the Venetian specialist plaster.
